This is in response to the Advisory Action dated January 8, 2003.

REQUEST FOR RECONSIDERATIONREMARKS

Applicant is pleased for the withdrawal of the rejections under 35 USC 112.

In the Advisory Action the Examiner states that products of identical chemical compositions cannot have mutually exclusive properties, and that a chemical composition and its properties are inseparable, citing In re Spada and MPEP 2112.01. Applicant claims a method and not a composition. Applicant claims a method which indicates nutritional supplement (as used in the above captioned patent application). Nutritional supplement as used in the above captioned patent application is in addition to vitamin(s) included in discomfort reliever, which are adapted to aid in or contribute to discomfort relieving functions of the discomfort reliever or to aid in or contribute to reducing side effects of the discomfort reliever. SS Pharmaceutical and Tsunoda, the applied prior art for
